EXPERIENCE

Frontend Developer

Lloyd Harrington Australia

📅 Feb 2021 – Feb 2022   📍 Remote , India

- Created custom responsive designs that optimized the website layout for various devices.
- Analyzed customer feedback from surveys and analytics data to improve overall user experience.
- Maintained technical documentation including version control logs.
- Debugged existing code to identify and fix bugs or performance issues.
- Participated in sprints planning sessions with Agile methodology.
- Integrated third-party APIs for enhanced functionality in web apps.
- Resolved cross-browser compatibility issues for consistent look across different platforms.
- Integrated front end code with server side code to implement dynamic pages.
- Developed reusable components that can be used in future projects with minimal effort.
- Developed responsive websites using HTML, CSS, and JavaScript.
- Integrated UI elements such as charts, tables, forms and other interactive features into the application using Angular Material.

Frontend Developer

ZeonAI Labs

📅 Jul 2023 – Sep 2023   📍 Remote , India

- Integrated third-party libraries into existing React applications.
- Created custom components, forms, and interfaces for user interactions in React.
- Worked closely with product owners on requirements gathering, design decisions, and implementation strategies for new features in a react application.
- Optimized performance of existing React applications by utilizing best practices such as code splitting, lazy loading.
- Built reusable UI components that can be used across multiple projects with React.
- Wrote unit tests to verify the accuracy of each feature before deployment.

A DAY OF MY LIFE

Designing cartoon and anime sketches

listening to rock song

Surfing Instagram for new technology and solution to learn new coding stuffs

Spending time with family

MOST PROUD OF

❤️ **Clan lord of Undead5**
Winner of inter-university counter-strike tournament

📈 **Organizer of CSPL**
Resembling IPL i had organized CSPL . secured 2nd prize in CSPL

🧍 **SpaceWise**
This is a front-end website using HTML/CSS based on the given interface.

SKILLS

HTML   CSS   Javascript
